

Thank you for purchasing our DivTag Multi Layout Template. You can soon have your new website up and running in matter of minutes.

In the download package you will find the following:

- multilayout.zip
- PSD folder

*If you purchased DivTag Plug-in's, please **INSTALL THE TEMPLATE FIRST** before installing the Plug-in.*

Another separate Plug-in installation guide will be included in the Plug-in Download Package if you purchase a Plug-in.

Template Specs:

Default Logo Size	130px by 65px
